

SAFETY IS OUR HIGHEST PRIORITY!

The Hardrock Climbing Company is the longest running Rock Climbing centre in Australia. Hardrock was established in 1992 and is a family own company that prides its self on Safety.

Hardrock would like to make you aware that "Climbing is Dangerous". This danger can be minimised indoors through a controlled environment and through added safety measures.

The Hardrock Climbing Company would also like to make you aware of the **extra safety measures** that we put in place to ensure your experience at Hardrock is at the fore front of safety!

AGREEMENT FORMS:

Hardrock is obligated to advise you of the risks associated with Indoor Rock Climbing. We require ALL participants to complete an agreement form before climbing. Hardrock is NOT attempting to distance itself from its obligations to provide facilities 'fit for their purpose' and to render services with 'due care and skill'. We have a duty of care to you the customer! Please remember - **YOUR SAFETY IS OUR HIGHEST PRIORITY.**

SAFETY HIGH IMPACT MATTING:

What is protecting you? Hardrock has High Impact Matting through out our centre which meets the Australian and New Zealand Standard: ASNZ4422:1966. Hardrock is the only centre with high impact matting throughout the entire climbing area.

SLOW-GO PULLIES:

At the top of each climb is a "slow-go pulley" which the climbing rope is fed through. The slow-go pulley slows and regulates the speed of decent of the climber. Slow-go pullies combined with the safety high impact matting compliment each other and drastically increase the level of safety within our centres. All of this, results in a level of safety well above other climbing centres.

ENGINEERED WALLS:

All of Hardrock's climbing walls are designed and engineered tested for load bearing. The walls are tested to the International CEN NSP300 standard.

FIRST AID:

Hardrock Instructors are Level 2 First Aid accredited.

WORKING WITH CHILDREN'S CHECK:

Under the Working with Children Act 2005, it is a requirement that all Hardrock Instructors have obtained their Working with Children's Check prior to commencing at Hardrock.

INSURANCE:

Hardrock Climbing holds current insurance certificate to the value of \$10 million.

SETTING HIGH STANDARDS:

Hardrock was voted **4th Best Climbing Gym in the WORLD**, in recognition of being the leader in our industry. As mentioned this is a Family business and the owner/manager is dedicated to setting high safety standards.
